This Warranty is valid for PlayStation systems with local one-year warranty label affixed on package ("the Product").

1. Sony Interactive Entertainment Hong Kong Limited ("SIEH") shall subject to the Terms and Conditions for Warranty Service cause Telecom Service One Limited ("TSO") to provide warranty to the Product for a period of one (1) year from the original purchase date of the Product. Any defective or additional parts of the Product which are replaced/removed by TSO in the course of repairing, if any, shall be the property of TSO. Even if TSO repairs or replaces the Product, its original one (1) year warranty term is not extended.

2. Repair service under this Warranty will include the cost of labour, and all replacement parts required for the proper functioning of the Product.

3. The original purchase invoice must be presented for verification when any repair service is required.

5. This Warranty is only valid and applicable to official Products which are licensed for sale and purchase in Hong Kong and bear the local one-year warranty label only. Parallel imports are excluded from this Warranty. There is no repair service for all parallel imported products.

6. Though no repair service is provided if the Product has been modified as written in section 4 above, TSO may at its discretion provide repair service to the Product modified to play counterfeit optical discs if the customer signs the Confirmation Letter given by TSO upon taking the Product in.

9. In fulfilling its warranty obligations under these Terms and Conditions, TSO may, in its sole discretion, elect either to repair and restore the Product to such original configurations and specifications as designed and manufactured by Sony Interactive Entertainment Inc. or to replace the Product with a refurbished product which is equivalent in all material respects. In either case, the system software (or the refurbished replacement product) shall be upgraded to the latest version. The customer is not entitled to request the retention or installation of the version of the system software existing as at prior to the date of the request for the repair service.
